## THIS IS UNEVALUATED INFORMATION

- The Schwarzmeer und Ostsee Versicherungs A.G. (Black Som and D. Ivid Sea Underwriters Corporation) in East Berlin was the insurer of and Gag: (Saviet corporations) of which now only the Wisman AG is left. According to the present report, the change-over from a SAG into an SEAC (Soudet-German corporation) is of no consequence. SNAG Wismut will continue to be controlled by the Soviets exclusively.
- 2. No higher posts will be made available to German personnel. All fending posts from the object manager down to the shaft boss are occupied by Soviets. No Germans employed at SDAG Wishut mines can rise higher than forester. It is anknown what conditions exist at the central office and at the one crushing and ore processing installations, or at any other auxiliary plant of SDAG Wismut.
- 3. When the Wismut Eurporation was changed into an SDAG, all Scraws employees of the Object Management who had been accompdated in offices of the former Amerbush Ambolitsant (Lebor Bureau) were moved; some the a separated wing of the Labor Lur au but most of them to the former Finanzant (treasury office) accordach. This asserve indicates the establishment of a Soviet top management and a German secondary management. The Soviet portion of the Labor Burgar as more hereatly guarded now than before. Informatory visits of German technical yersonned to the Lator Bureau are no longer permitted. It is, therefore, no longer possible to gain any access to the plans regarding production targets and ware or fair liments. German technical personnel are admitted to the German section of the Object Vanagement only with special identification cards.
- 4. Ore production targets are fixed by the Soviet management. In such that to be able to report an over-all favorable fulfilment of all shafts, variations in the outputs of the different mines are levelled out.
- Object No 6 is headed by a new manager directly transferred from the USSP. He is a highly-qualified expert and was awarded three Stalin Prizes. His mome was not known.

One Shvets (fnu) is top sifter. Former object manager Pelor (fnu) is now leading engineer. One Shutov (fnu) is chief geologist. (All names are given in phonetic spelling.)
